

Information & Cyber Security Policy

PSL Print Management Ltd is committed to ensuring that any of its own, its employees' and its customers' information will be handled with the appropriate level of security throughout the business, in order to protect its integrity, deliver customer satisfaction, and maintain its reputation. This will be achieved by implementing best practice in Information Security in order to minimise risks.

Ultimate responsibility for information security within the company rests with the Managing Director, but specific responsibilities are delegated to the Head of Compliance and the Head of IT.

PSL Print Management Ltd does have statutory duties about information security in some areas of its business but it recognises the need to extend the scope of security to meet the specific requirements of customers in other respects. All activities undertaken by PSL Print Management Ltd are included within the Information Security Management System.

The objectives of the Information Security Management System are:

- Maintenance of an ISMS that is fully compliant and independently certified to the ISO/IEC 27001:2022 Standard for Information Security & Cyber Security Management Systems.
- Maintaining information security for PSL Print Management Ltd and our interested parties.
- Facilitate Information Security awareness training and compliance utilising an accredited Training Provider(s) for all company employees annually.
- Facilitate Cyber Security awareness training and compliance with an accredited Training Provider(s) for all company employees annually.
- To maintain incident management and escalation procedures for reporting and investigation of security incidents for ISMS management review and action.
- To ensure compliance with GDPR and Staff Training/awareness/understanding of their data protection obligation annually.
- A smooth transition of PSL Print Management Ltd HR functions to our parent company Hague Group by the end of July 2024.
- To maintain our Cyber Essentials and Cyber Essentials Plus certification annually, to guard against the most common cyber threats and demonstrate our commitment to cyber security.

Tactical objectives may be added from time to time; these will be reviewed as part of the Management Review process.

PSL Print Management Ltd will document, review and assess regularly all risks with regards to Information Security and will invest in the training of its staff to ensure all understand and are committed to Information Security.

The Information Security Management System will be fully integrated into the Integrated Management System, approved by Senior Management and will form part of the Management Review process, ensuring regular oversight and demonstrating management commitment to the success and continual improvement of the system.
